PRESIDENT'S REPORT: Roy Mullis, roym788@gmail.com, 803-360-1490

From the President,

I hope all are well and are surviving the kung flu without any problems. There are a lot of our members still out of work due to this mess. Please, if you are planning to eat out consider going to Murrays. This establishment lets us use their facility free of charge for our meetings. Please support them.

The range is still open normal hours and there is very little traffic. One of the reasons is the heat. Some of MCRC's bays are famous for their summer temperature as you all know, however, at opening in the morning and late in the evening till closing it is bearable.

Another problem is the situation in the country. Ammo and guns are in short supply. What is available has a hefty price tag attached to it. I have seen 9 mm with solid copper bullets advertised for 2.50 per round. And don't even try to find small pistol or rifle primers for reloading. I've also been told that covid has shut down the mining of lead and copper which has reduced the supply of raw materials. All in all we're in for a period of very short supply much like the before. .22 ammo is still available and I have been told that stocks are increasing so there is an opportunity to have some enjoyable time plinking.

One good result of the situation in the country is the number of individuals looking for training. Most of our instructors are backlogged not only with CWP classes but also with requests for personal instruction and basic pistol classes. This has led to a major increase in the use of classrooms and the qualification bay. The qualification bay has classes scheduled one right after the other on Saturday and Sunday. Week days also have their share of classes. There are even some tough individuals who are willing to endure the 100 degree temps in the Junior Building to get training.

I am again looking into cooling this building. If there is a member who is an electrician that can help me determine if the service we have in the building will support a 230 single phase A.C. unit, I would greatly appreciate it.

Expect a direct email from me shortly. Very important info.

VICE PRESIDENT'S REPORT: Linda Chico, lchico@sc.rr.com, 803-629-7095.

Please remember to contact me by phone, email or text message if you have questions about your membership (renewals, credits, forms needed, etc). If you cannot get the renewal to print, contact me. And Roy always has hard copies available at the range. We both bring extra copies to the meeting.

Again, a reminder that Apple mobile devices have a built-in "PDF viewer" which does just what it says - users can view the form, but it will not let users fill out a form. If you access all internet sites with an Apple mobile device, Adobe recommends that you get the free App from the App Store to open and use Adobe forms. This only applies to Apple mobile devices - not to MACs.

REMEMBER * * Renewals must be sent in 60 days via postal mail before your membership expires and prior to the meeting to allow all of the information to be processed. You will know you have successfully completed renewal once you get a new membership card. Please do not call or email Patten asking about the status of your renewal if you only sent it a week or two earlier. If you are using an Apple mobile device to complete a renewal form, you may need to install an Adobe Forms App (available free in the App Store). Please contact Linda Chico (lchico@sc.rr.com) if you have problems accessing or printing the form.

SECRETARY'S REPORT: Rhonda Metz, secretary@midcarolinarifleclub.com, 803-315-5576.

If there are any changes or corrections to the newsletter, please bring them to my attention.

Thank you match directors who have sent me a brief description about your match for the newsletter. This can be changed each month, if you would like, to highlight a different aspect of the discipline rules and/or safety rules.

TREASURER'S REPORT: Patten Watson, duck.tail@yahoo.com, 803-463-6533.

Patten is a CPA in SC. If you would like to have more information regarding our finances, please contact him (after the latest IRS deadline if possible).

CRO/RANGE MAINTENANCE REPORT: CRO: Donnie Bryson. Range Maintenance: Julie Holling, jwholling@bellsouth.net, 803-755-7397.

COWBOY ACTION SHOOTING - Palmetto Posse: Roger Horton roger@adluh.com, 803-447-0853.

The Palmetto Posse is a Cowboy Action club that shoots every first Saturday in the Jeff Cooper bays matches start with a safety meeting at 9:30 am. Then we'll start shooting around 10:00 am. And finish around 1:30 pm.

SMALLBORE PRONE RIFLE Richard Byers, mrcrsmallbore@gmail.com, 803-240-9678.

This discipline consists of shooting offhand at steel chickens, pigs, turkeys and rams at 40, 60, 77 and 100 yards respectively. If you would like to try it, we permit the use of any 22 LR rifle but require the use of standard velocity 22LR ammunition so as to limit any damage to the targets.

On the third Saturday of each month, the smallbore rifle silhouette match begins promptly at noon. Set up starts around 10 with sight in and practice after set up is complete. The smallbore hunting rifle match usually begins at 1:30 after a short lunch break.

NRA LIGHT RIFLE: Robert Shaffner, Robert_shaffner@yahoo.com, 330-409-3799.

Match Description: The Light Rifle competition is a club level event based on the NRA Light Rifle series. .22 LR rifles are fired from 3 different positions; 10 shots prone, 10 shots sitting or kneeling, and 20 shots offhand. Held the 1st Sunday of each month, starting at 9AM, we shoot twice. Any and all are welcome. There is a wealth of experience available to assist with the match as well as a variety of equipment used (just about any .22 rifle will work!) We hope you'll come out and enjoy the comradery & competition.

USPSA-IPSC PISTOL: Mike Wingard, mhw_uspsa@yahoo.com, 803-521-0886; Derrick Hernandez, rangeraa45@gmail.com, 910-580-8343; or Joe Magagnoli, jcm331@gmail.com, 610-509-7627.

In USPSA, every shooter completing a course of fire is followed by a Range Officer with a timer. Although the timer is certainly important for the competition, the primary responsibility of the Range Officer is safety. There are several levels of Range Officers or RO's as they are more commonly called by fellow shooters. The typical match has 15 to 20 shooters who are level one RO's. The Range Officers in USPSA have to undergo training from instructors sent from USPSA's national headquarters. They take a 2 day training seminar to show them how to run competitors through a course of fire, safely & within the rules of the sport. Once the competitor has completed a course of fire, it is also the RO's job to call out the scores on each target. Next month we will talk about level two RO's.

The usual USPSA - IPSC matches are held the second Saturday of each month. We are using online registration which starts the Monday prior to the match. Contact Linda Chico at LChico@sc.rr.com to add your name to the notification list. Sign in at the range starts at 9:30 am. Shooting starts at 10:00 am. Juniors are free. New shooters are half price (\$11). Set-up for the match is on the preceding day on Friday afternoon. If you are interested in coming out and trying a shooting sport that involves running and gunning, you can start with very nearly any centerfire pistol if you have enough magazines for it.

NRA HIGH POWER RIFLE: Clay Marshall, marshallc@bellsouth.net, 803-695-0300 or Scott Johnson, scottjohnson641@gmail.com.

NATIONAL CONGRESS OF OLD WEST SHOOTISTS (NCOWS): Henry Schlein, henryschlein@yahoo.com, 843-821-9999 or Dave Graley, Assistant Match Director, dlgraley@aol.com 803-403-4792.– **South Carolina Old West Shootists Association of NCOWS.**

Our matches are normally held on the second Sunday of each month (except November) and on the 5th Saturday of such months in which they occur. Match fees are \$15.00, \$10.00 for accompanying family members, no charge for age 12 and under. Please come and check us out; or better yet, come join in the fun. We are a very friendly, family-oriented group. New shooters and beginners are welcome. Coffee, donuts, sweet rolls, bottled water and Gatorade are provided at most matches.

The National Congress of Old West Shootists (NCOWS) was founded in 1994 to promote safe Western Action Shooting including the re-enactment and promotion of the historical Old West heritage of the United States during the period 1865 to 1899. NCOWS members enjoy Western Action Shoots which are timed shooting matches in which shooters compete in a series of different shooting scenarios, called

stages. Participants are attired in period correct, Old West style clothing and use firearms typical of the guns used in the Old West.

The South Carolina Old West Shootists is a charter posse (club) of NCOWS and the Mid-Carolina Rifle Club. NCOWS is comprised of many such posses throughout the United States, which hold their own matches and events using NCOWS guidelines. There are also periodic, national and regional matches and events. Safety is emphasized during all NCOWS events, both on and off the range. Loading, shooting, and unloading of guns, is closely structured in accordance with NCOWS and local safety rules. Typically, only one participant at a time will shoot during a match. Juniors and new shooters may be coached or supervised by a guardian or other experienced member, as the case may be.

NCOWS uses rules similar to SASS Cowboy matches, although NCOWS pays greater attention to historical accuracy concerning our guns, clothing and equipment, and more emphasis is placed on marksmanship. New participants are given generous allowances of leniency with the former, since it may take a long time to acquire the proper guns, clothing and accoutrements. Gun carts are optional, rifle racks are provided. We shoot in 2, 3 and 4-gun classes. Generally, any pre-1900 pistol, rifle in pistol caliber, and/or shotgun may be used, either originals in serviceable condition or reproductions. We shoot smokeless and black powder categories. There is no overall winner in NCOWS matches; each category is judged independently. **Prospective members are advised to not go out and buy any cowboy guns or accoutrements without first coming to a match and meeting with more experienced members, in order to avoid spending good money on things that may not be NCOWS-legal.**

PRECISION PISTOL: Mike Carr, afvet53@netzero.net, 803-408-0024.

STEEL CHALLENGE: Dennis Coggins, damocles1234@hotmail.com, 803-732-0663, or Julie Holling, jwholling@bellsouth.net, 803-755-7397.

Official Steel Challenge stages consists of 4-5 runs on 5 pieces of steel at set distances. Misses may be made up as long as it is done before hitting the "stop" plate, indicated by a red post. The longest string is tossed out and the remaining times are added together to get your stage time. Stage times are added together to get your match time. Occasionally, we run one unofficial stage during matches. Additional general information and stage diagrams may be found at <https://scsa.org/>. Contact Dennis or Julie if you have questions about our match.

METALLIC RIFLE SILHOUETTE: Mical Bowling mical@blackwolfconsulting.com (803-546-4742)

This discipline consists of shooting offhand at chickens, pigs, turkeys and rams made of steel at 40, 60, 77 and 100 yards respectively. If you would like to try it, we permit the use of any 22 LR rifle but require the use of standard velocity 22LR ammunition so as to limit any damage to the targets.

On the third Saturday of each month, the smallbore rifle silhouette match begins promptly at noon. Set up starts around 10 with sight in and practice after set up is complete. The smallbore hunting rifle match usually begins at 1:30 after a short lunch break.

COWBOY ACTION SHOOTING - Savannah River Rangers: Joe Metz, jmrm3@sc.rr.com, 803-960-3907 and Matthew Haulbrooks

In Cowboy Action we shoot steel targets of various shapes, sizes and distances, it does not matter where on the target the bullet hits, it is ruled either a hit or miss. A miss adds 5 seconds to the shooters time, obviously we want to hit them "All" as quickly as possible! We typically shoot 6 stages with each stage having a different scenario consisting of differing number of targets, differing target arrangement, differing shooting locations and differing gun order. We shoot 4 guns on each stage, 2 revolvers, 1 lever action rifle and 1 shotgun usually 5 rounds from each revolver, 10 rounds from the rifle and 4 rounds from the shotgun for 24 rounds per stage for a total of 144 rounds per match. When we give the monthly report and list the number of clean shooters we had, that means each clean shooter shot all 144 rounds and hit each target in the correct order.
