**PRESIDENT'S REPORT:** Roy Mullis, [roym788@gmail.com](mailto:roym788@gmail.com), 803-360-1490  
Roy Mullis reported.

I would tell you Happy New Year but with the stuff that's going on I don't see how this year can be happy at all. I am concerned about the increase in the number of members I am having to speak to about not keeping on their safety glasses while on the bay. I had a visitor just the other day say under his breath that it was stupid to have to wear eye protection while not shooting. The club requires glasses for the safety of the member and the club. It's not negotiable. Glasses will be worn at all times while on any bay.

I want to remind everybody to review the rules often. The rules are fluid and can change according to different situations. Safety rules can be changed by the executive committee while General rules require a vote of the club.

One good note: The club is constantly looking for ways to increase shooting opportunities on the range, and simplify the rules. Recently a change was made that will simplify what targets can be shot where -

The committee approved a change that would allow shooting at plastic bottles and cans on all ranges except 2700 and the plate bay. These like other approved targets must be placed on the berm and not on the ground. I will be removing the No shooting at cans and bottles signs and replacing the posted rules on every bay to show the change. Understand that if trash becomes an issue, this can be reversed. Most of our members have been very good at removing debris.

If you use the Hathcock range you know that the two parking spaces behind the cover were removed because of rain running into the office during heavy downpours. I am going to open them back up. Numerous members were parking in the drive blocking access to the 200yd driveway. I was allowing Handicapped members to pull off near the tree while allowing access to the drive. When several wanted to park there and I asked one to move there was conflict. So, As soon as I get the spaces open there will be no parking in the drive at any time. You can still pull up and unload but then your vehicle will have to be moved. I am trying to figure a way to put a space near the tree for handicapped access. We'll see how it goes.

**VICE PRESIDENT'S REPORT:** Linda Chico, [lchico@sc.rr.com](mailto:lchico@sc.rr.com), 803-629-7095.  
Linda Chico reported.

This year was a record increase in the total club donations to the Toys for Tots program. MCRC doubled the amount of Toys donated, and donated over \$2000 more in cash & check donations. The 2019 total was \$5370, and 2020 was \$7425. Many thanks to all the volunteers and shooting disciplines who donated time, labor, toys or dollars to this effort.

Patten gave a verbal report of the club's financial status. Patten is a CPA in SC. If you would like to have more information regarding our finances, please contact him (after the latest IRS deadline if possible).

The usual USPSA - IPSC matches are held the second Saturday of each month. We are using online registration which starts the Monday prior to the match. Contact Linda Chico at [LChico@sc.rr.com](mailto:LChico@sc.rr.com) to add your name to the notification list. Sign in at the range starts at 9:30 am. Shooting starts at 10:00 am. Juniors are free. **NATIONAL CONGRESS OF OLD WEST SHOOTISTS (NCOWS):** Henry Schlein, [henryschlein@yahoo.com](mailto:henryschlein@yahoo.com), 843-821-9999 or Dave Graley, Assistant Match Director, [dlgraley@aol.com](mailto:dlgraley@aol.com) 803-403-4792.– **South Carolina Old West Shootists Association of NCOWS.**

There were 9 shooters at the most recent match.

Our matches are normally held on the second Sunday of each month (except November) and on the 5<sup>th</sup> Saturday of such months in which they occur. Match fees are \$15.00, \$10.00 for accompanying family members, no charge for age 12 and under. Please come and check us out; or better yet, come join in the fun. We are a very friendly, family oriented group. New shooters and beginners are welcome. Coffee, donuts, sweet rolls, bottled water and Gatorade are provided at most matches.

NCOWS uses rules similar to SASS Cowboy matches, although NCOWS pays greater attention to historical accuracy concerning our guns, clothing and equipment, and more emphasis is placed on marksmanship. New participants are given generous allowances of leniency with the former, since it may take a long time to acquire the proper guns, clothing and accoutrements. Gun carts are optional, rifle racks are provided. We shoot in 2, 3 and 4-gun classes. Generally, any pre-1900 pistol, rifle in pistol caliber, and/or shotgun may be used, either originals in serviceable condition or reproductions. We shoot smokeless and black powder categories. There is no overall winner in NCOWS matches; each category is judged independently. **Prospective members are advised to not go out and buy any cowboy guns or accoutrements without first coming to a match and meeting with more experienced members, in order to avoid spending good money on things that may not be NCOWS legal.**

**PRECISION PISTOL:** Mike Carr, [afvet53@netzero.net](mailto:afvet53@netzero.net), 803-408-0024.

**METALLIC RIFLE SILHOUETTE:** Mical Bowling [mical@blackwolfconsulting.com](mailto:mical@blackwolfconsulting.com) (803-546-4742)

The monthly smallbore rifle silhouette match was held as usual at noon on Saturday the 19th of December. In the morning it was a cold fall day but by early afternoon it did warm up.

The sky was clear and the sun was at a low angle and quite bright so all of the targets were in strong shadows which made the targets very hard to see. We had a nice contingent come down from North Carolina. Mical won both matches but he did have to do it by a shoot off with Curtis Kesler.

This discipline consists of shooting offhand at steel: chickens, pigs, turkeys and rams at 40, 60, 77 and 100 yards respectively. If you would like to try it, we permit the use of any 22 LR rifle but require the use of standard velocity 22LR ammunition so as to limit any damage to the targets.

Because of the non contact nature of this sport we expect no interruptions in our match schedule. However participants should wear loose fitting gloves for handling of targets, spray cans, and rails. The next smallbore rifle silhouette match will start at **11:00 am** on Saturday January 16th.

On the third Saturday of each month, the smallbore rifle silhouette match begins promptly at **11:00 am**. Set up starts around **9** with sight in and practice after set up is complete. The smallbore hunting rifle match usually begins at **12:30** after a short lunch break.

**COWBOY ACTION SHOOTING - Savannah River Rangers:** Joe Metz, [jrmetz45@gmail.com](mailto:jrmetz45@gmail.com), 803-960-3907 and Matthew Haulbrooks  
No match since the last meeting.

Cowboy Action is an action shooting sport sanctioned by SASS – Single Action Shooting Society. Single Action means the guns have to be manually cocked before they will fire and must be pre 1900 original or replica, most use new production replicas. The shooter must have 2 revolvers, a lever action rifle chambered in a pistol caliber and a shotgun. The shotgun may be a double barrel, a lever action or an exposed hammer pump action. Ammo is low velocity exposed lead bullets, no jacketed bullets allowed because we shoot steel targets at close range. A typical match has 6 stages with a different scenario on each stage. Each stage is timed and usually consists of 5 rounds from each pistol, 10 rounds from the rifle and 4 rounds from the shotgun with movement between each shooting string. At the end the times are added up and the lowest time wins! There are lots of categories for competitors to choose from but that is a discussion for another day.

Registration begins at 8:30, Shooters Meeting at 9:30, shoot shortly after – we would love to have you come out and see what Cowboy Action is all about!

**BLACK POWDER MUZZLELOADING:** Jim Boyd, [1949jwb@gmail.com](mailto:1949jwb@gmail.com), 803-356-9504 or Sam Jones, [JonesiiiS@yahoo.com](mailto:JonesiiiS@yahoo.com), 803-794-5476.  
No match since the last meeting.

Here are some facts about our matches:

Match fee is \$5.00 New shooters shoot for free. NMLRA rules prevail. Match Director Controls the line and match. Any Muzzleloading rifle or musket with OPEN SIGHTS may be used. Ammo is a Patched round ball. Loading takes place behind the firing line at the benches. The firearm is not primed until the shooter is on the firing line (percussion cap or priming powder). Misfires are placed in a safe box if the shooter cannot clear the issue at the line. Ranges are typically 25, 40, 50, 75 and 100 yards. Scoring is indicated by the numerical values shown on the target. A ball must be at least 1/2 into a ring to receive that score. Novelty matches are scored by the number of targets hit.

**IDPA:** Mike Phillips [IDPAatMCRC@gmail.com](mailto:IDPAatMCRC@gmail.com), 803-530-9135 or Don Rawls [dcrawls@live.com](mailto:dcrawls@live.com)

**JUNIORS:** Charley Francis, [cfrancis@ftc-i.net](mailto:cfrancis@ftc-i.net), 803-469-4584

We stay in contact with various youth groups, but the increase in COVID-19 cases in South Carolina has most shut down. These restrictions are imposed by the youth organizations rather than the club. Once lifted, we will start scheduling orientation programs again.

The Juniors program is for those 8 to 18 and is designed to teach safety, responsibility, and basic marksmanship. The program uses air rifles for training and provides an entry into the rifle and pistol disciplines.

The basic orientation course consists of ten hours of instruction, both classroom and shooting. Instructors work with the participants through the course, teaching the basics and offering help and advice as the participant progresses. There is no set "score" to pass the orientation course. Safety is the primary focus, along with basic marksmanship skills. There is no cost for the orientation program: MCRC provides the rifles, ammunition, eye and ear protection, targets, and training materials.
