Thank you very much to all the club members who devoted their time as volunteers to help with setup at the USPSA Thompson-Daugherty Toys for Tots match and to help during the match in exchange for dues credit. If there are any other disciplines collecting toys, let Linda Chico know so that she can arrange to pick them up and deliver to the Marines.

The Palmetto Posse is a Cowboy Action club that shoots every first Saturday in the Jeff Cooper bays matches start with a safety meeting at 9:30 am. Then we'll start shooting around 10:00 am. And finish around 1:30 pm. After the match we head to Murray's for lunch.

**USPSA-IPSC PISTOL:** Mike Wingard, [mhw\\_uspsa@yahoo.com](mailto:mhw_uspsa@yahoo.com), 803-521-0886; Derrick Hernandez, [rangeraa45@gmail.com](mailto:rangeraa45@gmail.com), 910-580-8343

Derrick Hernandez reported. This past weekend USPSA shooters hosted the annual Thompson-Daugherty Toys for Tots Charity match. It is named the Thompson-Daugherty Memorial match in honor of two MCRC members who were Marine Corp vets & who supported this charity event for years. Thanks to all who attended the annual Thompson-Daugherty Toys for Tots Charity match. First, a huge thanks to MCRC volunteers who helped with setup for the Toys for Tots match and who helped during the match in exchange for dues credit. Second, we also had great variety from our stage designers: Aaron Banks, Derrick Hernandez, Mike Wingard, Matt Hopkins, Ryan Lee and John Edens all contributed to stage design. I cannot thank these guys enough. They are the reason the matches are challenging and fun.

We had 99 shooters at the Match over 2 days. This is the first time that I can recall that the 2 days really

felt like 2 separate matches. Saturday became more a matter of survival, than competition. Cold and wet rain made for a great deal of misery, but 53 people completed Saturday's match. Sunday started out cold and cloudy, but warmed up to a mild winter day, perfect for shooting. No rain. I was ready to shoot my weather app and slap any Weather forecasting person I encountered.

Results are posted on Practiscore (<https://practiscore.com/results/new/0d0b5109-06b8-49ba-b054-ceca8216842b>) and will be on USPSA **after** our December match. Ike Starnes from Cornelius NC was the top shooter in PCC Division, repeating his win from last year. Joshua Sightler from Graniteville, returning to our match after 7 years, was the top shooter in Open Division. Ryan Lee from Lake City hit a trifecta – 1.) He was one of our stage designers and worked setup, and 2.) was the match winner in Limited Division Saturday, and 3.) was the match winner in Carry Optics on Sunday. Jason Karsedt from Columbia was the high shooter in Single Stack Division. Adam Williams from the Charleston area was the top shooter in Limited Optics Division.

Big thanks to MCRC member Patrick Nolan who contributed 5 guns to our prize table (giving us a total of 8!). Please email messages to thank Patrick Nolan to me & I will get them to Patrick. Hobo Shooters (send thanks to [hoboshooters@gmail.com](mailto:hoboshooters@gmail.com)) contributed our top dollar prizes with a certificate for an Aero Precision suppressor, and a new FN America pistol with 5 hi-cap magazines. Brad Amick from Amick Guns is always a generous sponsor, and has been every year! (Post your thanks to their social media: (<https://www.facebook.com/AmicksGunShop>)).

We donated a load of toys and \$3,294 to the Marine Corp to cheer up Christmas for children in the Midlands. We will continue to collect Toys and cash or checks until the December MCRC meeting, with every shooting discipline adding to the total. Thanks to you all for your support!

In December, we move to Winter hours with MCRC USPSA matches starting at 10 AM.

The usual USPSA - IPSC matches are held the second Saturday of each month. We are using online registration which starts the Monday prior to the match. Contact Linda Chico at [LChico@sc.rr.com](mailto:LChico@sc.rr.com) to add your name to the notification list. We are moving to Winter hours (starting at 10:00AM). Sign in at the range starts at 9:30 am. Shooting starts at 10:00 am. Juniors are free. New shooters are half price (\$11). Set-up for the match is on the preceding day on Friday afternoon. If you are interested in coming out and trying a shooting sport that involves running and gunning, you can start with very nearly any centerfire pistol if you have enough magazines for it.

**NRA HIGH POWER RIFLE:** Scott Johnson, [scottjohnson641@gmail.com](mailto:scottjohnson641@gmail.com).

Scott Johnson reported. Light turnout today with only four shooters making it to the range. With it being overcast, calm and cool it was a good day to shoot. Patrick Fox notched his first win of the year firing a 441-06X. We also welcomed Mike Olckers, a guest of Danie's up from the Cayman Islands. Mike shot an AR for the first time today and turned in a respectable score for his first HP match. Nicely done Mike and we hope you had fun.

With only four shooters, each shooter had 3 targets and the match progressed quickly finishing up about 1030. Thanks to all the shooters for helping out with set-up and stowage of the equipment and a big thanks to Jeff Howell for being the guest DJ while I'm out here at woke central on the left coast. Between match fees, shooter donations and offline donations it looks like we'll be giving ~\$150 to the Toys-for-Tots program.

We'll do it all again on Dec-10th. Hope to see you there.

The longest string is tossed out and the remaining times are added together to get your stage time. Stage times are added together to get your match time. Occasionally, we run one unofficial stage during matches. Additional general information and stage diagrams may be found at <https://scsa.org/>. Contact Dennis, Julie, or Lewis if you have questions about our match.

**METALLIC RIFLE SILHOUETTE:** Mical Bowling [mical@blackwolfconsulting.com](mailto:mical@blackwolfconsulting.com)  
(803-546-4742)

The monthly smallbore rifle silhouette match was held on Saturday the 21st of October. The sky was a bright blue with no clouds. Temperatures were comfortable. Because of the low sun and strong shadows the targets were difficult to see.

Mical was the winner in both the standard and hunting classes although this required a shoot off with Scott in the hunter class.

This discipline consists of shooting offhand at steel chickens, pigs, turkeys and rams at 40, 60, 77 and 100 yards respectively. If you would like to try it, we permit the use of any 22 LR rifle but require the use of standard velocity 22LR ammunition so as to limit any damage to the targets.

Because of the non contact nature of this sport we expect no interruptions in our match schedule. However participants should wear loose fitting gloves for handling of targets, spray cans, and rails

**JUNIORS:** Charley Francis, [cfrancis@ftc-i.net](mailto:cfrancis@ftc-i.net), 803-469-4584

Charley Francis reported. Charley is working with some scout troops to set up orientation classes. The Juniors program is for those 8 to 18 and is designed to teach safety, responsibility, and basic marksmanship. The program uses air rifles for training and provides an entry into the rifle and pistol disciplines.

If you work with a youth organization and are interested in having them participate in a shooting education program, please contact me.

The basic orientation course consists of ten hours of instruction, both classroom and shooting. Instructors work with the participants through the course, teaching the basics and offering help and advice as the participant progresses. There is no set "score" to pass the orientation course. Safety is the primary focus, along with basic marksmanship skills. There is no cost for the orientation program: MCRC provides the rifles, ammunition, eye and ear protection, targets, and training materials.

**CIVILIAN MARKSMANSHIP PROGRAM:**

No report. Kevin Krist has volunteered to temporarily fill this position, so that the membership can heat what is available. We still need to find someone who can fill this position.

**LEGISLATIVE LIAISON:** Kevin Krist, [kevin\\_krist@yahoo.com](mailto:kevin_krist@yahoo.com),

Kevin Krist reported. In the past few weeks there has been some activity on a number of Second Amendment-related cases in federal courts. While none of these cases currently has a direct relationship to any South Carolina laws or cases, they may have some level of impact on the exercise of gun rights in our state.

**State Assault Weapons Ban**

There recently have been contradictory federal court rulings on the constitutionality of so-called "Assault Weapons" bans, with different federal courts upholding the Illinois ban and finding the California ban unconstitutional. The California federal district court decision has been appealed to the Court of Appeals for the Ninth Circuit, which has already scheduled oral arguments for late January 2024. (*Miller v. Bonta*)

Meanwhile, the U.S. Court of Appeals for the Seventh Circuit upheld Illinois' assault weapons ban last week, accepting arguments made in a number of lower court cases that were consolidated in the appeal it heard, that the ban constitutes a reasonable limit on the Second Amendment.

It is highly probably that both of these cases will eventually find their way to the U.S. Supreme Court.

### Pistol Brace Rule

The Fifth Circuit Court of Appeals, covering Texas, Louisiana and Mississippi, recently found that the ATF exceeded its authority in issuing its "Pistol Brace" rule, which was therefore unconstitutional, and remanded the case back to the District Court for final disposition. Last week, the District Court issued its ruling and extended the ban on ATF enforcement of rule from just the parties to the preliminary injunction to all affected persons in the United States, effectively banning ATF from enforcing the rule nation-wide. It is unknown at this time whether ATF plans to appeal this ruling back up to the 5<sup>th</sup> Circuit (which previously ruled against them in this case), which is the only path has for ATF to appeal to the Supreme Court. (*Britto v. ATF*)

In the meantime, pending any such appeal, it is not necessarily clear what effect this ruling may have on any gun owner who registered their braced pistols as short-barrel rifles (SBRs), but the current legal consensus is that that anyone who registered their guns as SBRs with the ATF during the 120 day "grace" period must still treat their firearms as SBRs and comply with current ATF SBR rules, regardless of the end of the Pistol Brace rule, until there is a definitive federal ruling otherwise.

For a full report, please check out the Legislative section of the website. New information is posted frequently.
